BREAKING THE MOLD

Have you ever noticed that at Wachusett every single student is totally different from the next? Of course, there are similarities, but each of us contributes a little of ourselves to the school. Throughout this 1991 yearbook you will find students doing exactly that, BREAKING THE MOLD.

WE DON'T FIT THE MOLD,

WE BREAK IT!

Welcome To Winter Carnival '91

As usual, Winter Carnival Week at Wachusett was the best! During two special activity periods that week, students from all four classes participated in a wide variety of games of brains (College Bowl), skill (Basketball, Volleyball, etc . . .), and intestinal fortitude (Weiner Dunk)! Due to a lack of snow, there was no opportunity for outdoor activities requiring snow, but one of the evening events was a well-attended Lip Synch Competition sponsored by the Senior Class. Another evening activity was the semi-formal dance held at the Holden Hills Country Club on Saturday evening. It was a great year for the class of 1991 who finished an overwhelming first for the week's competitions. They were followed by the Freshmen (second), Sophomores (third), and Juniors (last). The Student Council is to be congratulated for a job well done!

Ahh . . . Could you please repeat that one more time???

Senior Spirit shines through all the "time".

Here she comes, ready or not!

Dunking your head into jello for weenies would seem strange to anyone but WRHS students.

The students at Wachusett really get "in to" everything!

Breakfast is served.

Oh boy — how hard is it to get the metal to the pedal?

Loving teammates, Clayton and Paul!??

These guys show their skills in a leisurely basketball game.

Yum, yum — raw weeners and jello.

Our seniors dominated the college bowl once again this year.

Matt Connely shows spirit in support of our troops at the annual Lip Sync.

I think I'm gonna be sick.

Clayton shows his devotion to NKOTB.

Who's that girl????

Steve Lynch (1993) prepares to serve by showing it's all in the wrist.

Tricia Schnare (1992) showing the effects of a night without sleep.

I've Got It — No Problem!

It's volleyball, not soccer! The ball goes over the net, not under!

Volleyball Marathon March 15 + 16, 1991

Despite the fact that school was cancelled on Friday, March 15; the Volleyball Marathon went off as planned. This annual event is sponsored by the Booster Club as a means of raising funds to support the various sports, extracurricular, and class activities at Wachusett. The students begin their marathon of play about 4 o'clock on Friday, and play through till 3 o'clock on Saturday. There are, of course, numerous breaks for food and other necessities; but the general idea is "volley til you drop!" this year, students participating could indicate what organization they were playing for — a good way to raise funds and have fun. See you next year!

Nate Whitney (Jr.) shows his style in volleyball competition.

Sean Lemay and Brian Grebinar (both Juniors) are wondering if the volleyball will ever reappear.

A couple of fresmen seem to be enjoying their first marathon — of volleyball and sleep deprivation.

Madrigal Singers sit at their banquet table to enjoy the feast.

JJ Shirley, Jen DePerrio and Heidi Baker recite a poem about King Arthur to end the evening.

King Philip and the rest of the Madrigal Singers prepare to leave the hall in song.

Michelle Dubrule and Mary Kate Curran playfully hold John Horrigan, their man for the evening.

The 1991 Spring Plays Shine

Snow White was cheerful entertainment. Snow White was portrayed by Kelly Mitchell, the wicked and evil Queen was played by Lindsey Bennett. Their characters came to life as everyone waited to see what would happen. Chrissy Ogilvie, as Sarge, took on a difficult role, but emerged as one of the play's favorite audience pleasers. Snore, Gabby, Grumpy, and Ticklish proved there's more than just seven dwarves. *Winnie-the-Pooh,* played by Glenn Sullivan showed everyone how a bear would act in a spectacular world. Piglet, as played by Mindy Morse, made her character bigger than life. Everyone agreed she was one of the best performers of the evening.
Little Red Riding Hood, as acted by Michele Dunlop, was a bit different in the play from what people expected. There was a mingling of other fairy tales in this one, such as Granny, the Wolf, Humpty Dumpty, Mother Goose, and Miss Muffet. Jessica Salluce claims that this made the plays more interesting.

Wednesday, April 10, 1991

The stars were shining brightly at Wachusett on April 10th. Mr. David Tarkiainen opened up this *Star Search* with a few of his jokes and then got the contest started.

It started with the student band, *Shakedown*, playing a few songs before the competition began. Todd LaChance, Mike Marcello, Dan Lapale, Greg Flat, and "Skovie" are the members of this group. Also, Nancy Hsu played a hoedown on her violin.

Dance, vocals, male spokesmodel and female spokesmodels are the four divisions to *Star Search*. It was judged by Mr. Jack Farley, Ms. Lisa Fournier, Mr. Richard Lewis, and Mrs. Marianne Wojcicki.

The Student Council sponsored *Star Search* while organized by Tabitha Wilson and Sylvie Morril. Mr. Ethier, Mr. Larson, and Mr. Tarkiainen were also a great help. They hope to continue this contest for years to come.

SADD Day, 1991

The assemblies held in the auditorium were not for students to fall asleep or a study period. The purpose was straight forward and clear, informing the students of the dangers of alcohol and drugs. Many situations were told, telling the causes, problems, and things thrown away, all because of alcohol or drugs. "It isn't a pretty sight. There isn't one good thing about drinking," Mark Duffer, Holy Cross football coach strongly said.

Other guests were inmates from the Worcester House of Corrections. They told the students what it is really like to live in a prison, and how it messed up their lives. Lives are messed up by these substances. Another strong subject came from the nurses of C.A.R.E. (Cancel Alcohol Related Emer.). They had the students view problems with a film strip which showed very good pictures that would make you sick to your stomach and realize that it's not a joke.

The S.A.D.D. Day of 1991 was very educational, and emotional in all of the stories. Think twice and don't drive drunk!!

Left: Some of the individuals who contributed to another successful presentation of the topics of drinking, drugging, and driving.

Football Team Breaks The Mold — We Beat Leominster!

The 1990 Mountaineer Football team charged over Burncoat on Homecoming Day. This was a great achievement and conclusion to the string of victories by all Wachusett teams during Homecoming Weekend. A highlight of the season was a one-point win over nationally-ranked Leominster in Leominster. This was the first time that a Wachusett football team had beaten Leominster. An other highlight was that even though we didn't play Brockton, ranked first in Massachusetts, we kept them out of the Eastern Mass. Super Bowl because of opponent's points. What a mold-breaking year!

On your mark, get set, go!

1990 Wachusett Mountaineers attended Holy Cross Football Camp in August of 1990. The Mountaineers came back strong and determined to do some damage. The team went 5-5. Camp obviously paid off for: (top left to right) Brendan Hair, Rocco Cardaci, Tom Champlain (captain), Brad Bradley, Jason Micale; (bottom left to right) Brian Kapitulik (captain), Glenn Donaldson, Andy Ferguson, Mark "Ice" Pryce (captain), and Tim Sweeney.

Varsity Field Hockey

Once again, the girls varsity field hockey team had another successful season making it to the District finals. This was quite an accomplishment as there were only three seniors on the team. These seniors, also the tri-captains were Denise Narcisi, Stephanie Bunker, and Kate LaVigne, who led the team to a victorious record.

This energetic and determined team was league champions. They battled throughout district play under Coach Hagglund, who had a very rewarding first year as varsity coach. Their season ended in the District finals against a tough Westboro team. The contribution of the sophomores and juniors in addition to the seniors was key to their success and they will be a team to be reckoned with next year.

Between runs to Friendly's and Bailey and Bryant Roads, the Girls Cross Country Team got into shape for the season. From Abby Lorge's favorite meet against Holy Name to a wet and slippery District Meet, the season was fun and successful. We'll never forget those runs on the golf course and the endless hill in the Wood's loop. Thank-you Mr. Prouty for cheering exactly when we needed it and pacing us during workouts. Thank-you Jake for making running FUN and for your patience and understanding. Good Luck next year's team.

Team members also received recognition for their play, with Kristen Ratliff, Keri Diggins, and Mary Gibney being named Mid-Wach All Stars and Kristen Ratliff and Mary Gibney making the Telegram and Gazette All Star Team. Boys' Varsity Basketball

This year's 1990-91 boys' varsity basketball team had a great season despite their slow start. The team opened up the season with a dismal record of 1 and 5. Behind the leadership of Captains Sean Carroll, Brian O'Brien, and Jeff Manning the team achieved a great winning streak. With strong wins against such top teams as Fitchburg, Leominster, and Algonquin. These wins gave the team a final season record of 16-5, which qualified them for district play. The first district game was against tough St. Johns. The game was a battle but the Mountaineers came out on top. Then they met North Middlesex and were unable to defeat the sharp shooting team. They ended the year with a record of 17-6.

June, 1991

Dear Members of the Class of 1991:

I have often stated that writing a letter to the graduating class for publication is a privilege I cherish and this is true. But it is also difficult because there is so much I want to convey to each class and words always seem so inadequate. For instance, it is true that these messages often come out very much alike despite the fact that, like individuals, classes often have distinct personalities. And memories of four years spent watching a class--both as individuals and collectively--are very different even though in retrospect they are very much alike. I feel very fortunate to have chosen a profession that allows me to have a ringside seat to the development of our future as communities, as a commonwealth, and as a nation and a world. No matter how pessimistic the current outlook over my 31 years in education, my spirits have always been buoyed by the current group of graduates and 1991 is no different from all of the rest.

I have thoroughly enjoyed you, the Class of 1991. You, like the many classes that have gone before, will have a special place in my heart and in the hearts and lives of others whose lives have touched yours over these last four, very important years. We hope that something of what we have taught will be remembered and will help you as you move through the various stages of your lives. We also hope there will be a time when you will put into writing to a special teacher, coach, custodian, friend or relative, your special memories of them. Too often in life we think to say thank you but never commit to the act of thanking. I want to thank you, the Class of 1991, for many pleasant memories. I want also to wish you the very best in whatever area your dreams and aspirations lie. I hope that you will turn to this yearbook after several years have gone by and will smile at a familiar face of a classmate, teacher, or even administrator, and will have good memories of this place and of your part in the ever growing Wachusett family!

My best to each of you. Keep in touch!

We already know that we break the mold, but what did our teachers do when they were at this rebellious age?

Here's what they had to say about their high school days:

Mr. Tremblay joined the Navy and Mr. Perkins worked to end the war in Vietnam.

Dr. Yaglou, Ms. Narcisi, and Mr. Bianchi all claimed that they did their own thing never following the crowd.

Ms. Lemay says that the theater enabled her to be a non-conformist.

Ms. DiNardo studied abroad while in college.

Mrs. Reidy had an undefeated girls basketball team for three years.

Mr. Snelson was also a jock but in his own way, he rode a bicycle.

Ms. Davison traveled to Florida, Mexico, California, Canada, and lived in a Hawaiian fishing village for 10 years.

Mrs. Branche defied her school's dress code by wearing shorts one day.

Mr. Hedlund ate dessert before the entrée.

Mr. Hersey had a life among old cars and junk yards.

Ms. Donegan was married at age eighteen.

Mr. Baer didn't go to any of his proms even though he had a girl friend at the time.

Subliminally, Dr. Yaglou flashes the Vulcan sign to his class.

In comparison to the other faculty members, Mrs. Chase wins the prize for breaking the mold. Here are her six examples:

1. She picked a career her mother didn't like.

2. She refused to participate in freshman hazing when she was a college freshman — she didn't like "cutesy" things including beanies.

3. She refused to go to college at home and went out of the area against her parent's wishes.

4. She got food for a black woman at a bus stop down south and got hassled for it. (The restaurant refused to serve her because of her race). She then reported the restaurant to the ICC and the next time she saw the area, the restaurant was serving blacks.

5. She took courses, both in high school and college, because she was curious about them, not because they looked good on her records.

6. She stopped dating a boy (whom she liked a lot) because he made anti-black remarks.

Teachers Have Musical Taste Too!

Unknown to the student body, some of our faculty break the mold in their tastes of music. Our principal, Mr. Lane, listens to ballads, such as Whitney Houston and Billy Joel. Mr. Tremblay, our favorite administrator, listens to his "78" RPMs played on a victrola. Mr. Caouette says he listens to basically almost everything but rap, dance or disco. Mrs. Chase listens to that wonderful WSRS type music, especially Barry Manilow and Barbara Streisand. Mr. Farley prefers music from his generation, such as Bob Dylan and the Rolling Stones. Poor Mrs. Laverdiere had to go to three New Kids on the Block Concerts this past year. Dr. Yaglou enjoys Nova Scotia Folk?. Mr. Baer is quite decided on his favorite artist. He likes John Denver, John Denver, John Denver! Mr. Tarkianen is famous for his love of Jimmy Buffet.

College Choices — Were They Mold-Breakers?

Still trying to decide where to go to college? Take a hint from these teachers; some stayed close to home and others went across the globe.

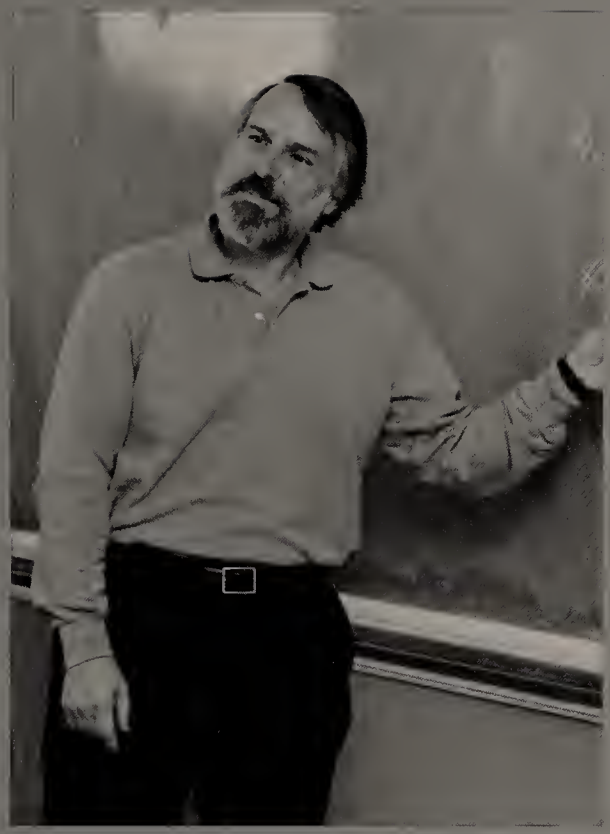
Mr. Hedlund stayed in Worcester and attended Clark and Fitchburg State. Mr. "Sarge" Mammone went a little further to Boston College, and Ms. Moore traveled west to the University of California at Berkely.

Ms. Fournier attended the CCS in Seville, Spain. Mr. Tarkianen from the History department also attended a foreign college at Helsinki in Finland. Ms. Barys is another world traveler. She attended the University of Grenoble, France.

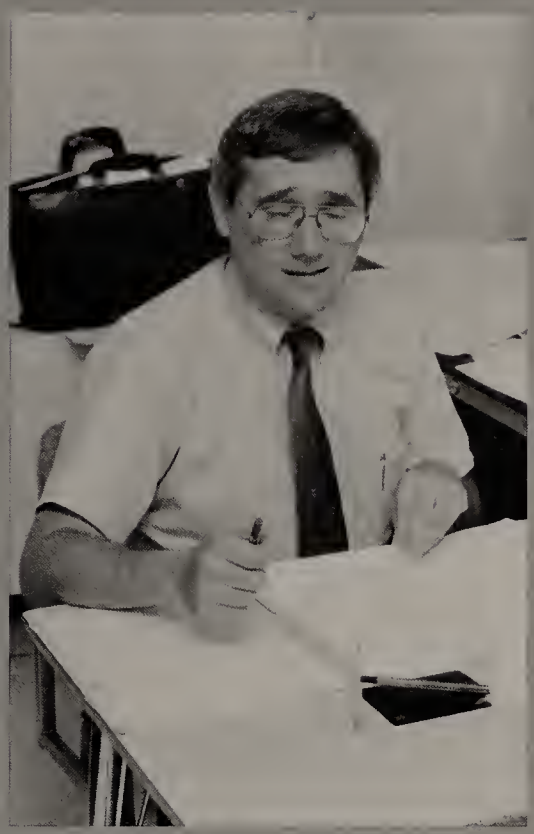
Ms. Davison attended the warmest University in Hawaii! Then she came North to Assumption College.

All in all, out of the 75 teachers who answered the questionnaire, 15 went to Worcester State, 13 attended Clark, and 12 attended UMASS.

Mr. Lambert can claim the University of Montana as his alma mater.



Some of us will get into Harvard, like Mr. Jaquith, . . .



Others who don't, will need to see Dr. Tsoules, the school psychologist!

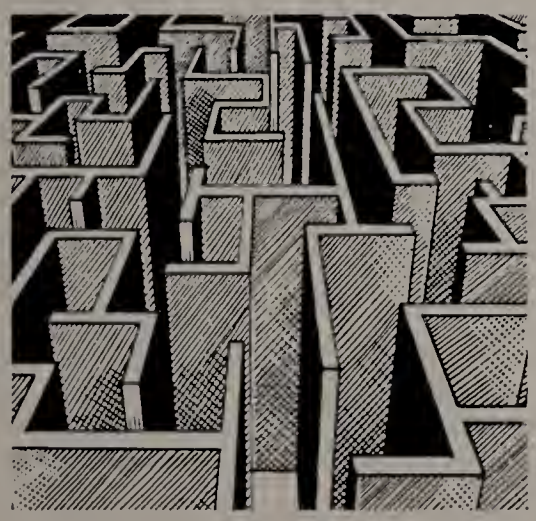
It's A-*Maz(e)*-ing . . . Faculty Moldbreakers!



What else do our teachers do to help us break the mold?

Mr. Lane — "I try to allow kids to express themselves."

Ms. Hedburg — "Try to encourage them to be open to new experiences and not think their own environment is really the only universe in existence."

Mr. Hedlund — "Try to teach them the value of thinking."

Mr. Mammone — "I have them visit with Mr. Thoreau and Mr. Wolf Larsen."

Ms. DiNardo — "Study other people — other cultures — expand their minds through travel."

Mr. Kraner — "I try to encourage students to stretch themselves — not to give up."

Mrs. Finkelstein — "I ask them to smile and relax."

Dr. Yaglou — "Challenge them to stand up for and defend their ideals, opinions, and then praise them for doing so."

Mr. Baer — "Respect them: try to make them feel that they are worthy of respect."

Ms. Jensen — "Teach them PRIDE: P-proficiency, R-reliability, I-integrity, D-discipline, E-excellence."

UNDERCLASSMEN
WHO FIT INTO THE MOLD

Todd LaChance works on his stand-up comedian ability.

Sara and Sherry get psyched for the Homecoming games.

"What can I say?"

Come on they're playing our song.

Are we in the right time zone?

What are you looking at?

How silly of me.

It's the weekend!

Wachusett's student body attempts to do the wave.

K. Ladner, J. Scott, S. Peck, N. Fisette, S. Tower, W. Davis, T. Hughes, S. Alferds, T. Michalowski, J. Salluce, K. Stone, J. Davis, A. Sherbourne, L. Keith, P. Lux, M. Marsello, M. Gibney, M. Gaffney, K. Meyers, C. Gorczynski, J. Paterno, K. Norva, K. Andrews.

The junior class officers, Joanna Paterno, Leah Salmonsen, Sarah Monks, and Matt Conley, make up a great team. They work well together and they accomplish many things. They get the whole class involved for class projects.

The class as a whole gets along and they have become more responsible throughout the years. The class officers made their three years at Wachusett the best years that they could. Although they have not broken the mold, they are surely working at it.

The junior class has many advisors, but we questioned Mrs. Tarkiainen, who was willing to comment on the class of 1992. She thinks that the class is full of all good kids. The officers are good kids, full of new ideas. They would all like to go down in history. Will they succeed? "Yes, if they continue to work as hard as they are now, they will have no problem.

As in all classes more kids are needed to help out, but there still is a lot of kids that do something.

The junior class doesn't break the mold at Wachusett. "Not many classes break the mold at Wachusett. When a new style comes out all of the classes follow. (ex. hair style)." she responded.

Mrs. Tarkiainen thinks the class will succeed. "They make a goal and the majority of them work to reach that goal."

Everyone says that the class of 1992 are "snobs" (the majority), Mrs. Tarkiainen quickly and surely said, "No! The class of 1992 have a lot of good values and are just plain 'good' kids." The juniors won't let that take them down to the dirt they will work to the top, just like any class!

BREAKING THE MOLD

There were surveys taken to see how each class is alike. There were seven questions asked and here are the most popular answers:

Favorite Subject: Algebra

Favorite Musical Group: There were many different opinions in this subject. It was broken down into three groups: Pop Rock, Heavy Metal, and Rap. Heavy Metal won. Some examples are Slaughter, Motley Crue, Metallica.

Favorite Sport: Football

Favorite T.V. Show: **Fresh Prince of Bel Air**

Favorite Day: Birthday

We also asked two questions about breaking the mold. They were:

How do you think your class has broken the mold at Wachusett?

"Our class is the first to be the Preppiest, the Snobbiest, and the most Hateful."

How do you personally break the mold at Wachusett? "I'm not a prep or a snob. I dress differently and I don't judge people on first impression (like the rest of class of 1992)."

R. Gardiner, D. Martelli, S. Bastress, L. Lemay, B. Ferguson, J. Santimore, B. Jolie, A. Freel, M. Benson, J. McDowell, H. Stratton, M. Viano, M. Bissonnette, T. Erickson, D. LaPoint, M. Mantha, J. Houlihan, T. Keddy, T. Nickerson, A. Mayou, K. Woods, L. McGivney

The treasurer of the class of 1993 is Dan Hehir. He was questioned of what he thought about his class. He responded, "They are all very nice and the majority of the people have responsibility." Responsibility is not a problem with the sophomore class. When you get sixty kids together to work on something, (ex. float) it is hard to keep things organized, but overall people are very responsible.

Dan responded, with no problem when asked if this class has broken the mold at Wachusett. "Yes, it took awhile, as it does every class. But this class is definitely part of the school, in parts of sports, theater etc." This class realized what it takes to make a good class and they have succeeded.

Advisors make the class do things for the "best". "They listen to what everyone has to say, but they share their opinions, still letting us make the decisions."

All the officers try to make the best choice when it comes in to their hands. They work and try to make everything for the best of class of 1993.

Mr. Finneron, a history teacher, is a sophomore class advisor. In his opinion, he thinks that the class officers are good at handling class activities that are planned. He said that there are a variety of kids and he likes to work with them in and out of school.

When asked if he thinks the sophomore class has broken the mold at Wachusett his reply was, "I don't think they have broken it yet, some are independent and others do what is expected."

How do you think your class has broken the mold at Wachusett?

"There are some snobs, but you have to expect that in every grade. The majority of the people have learned to get along with all kinds of people."

How do you personally break the mold Wachusett? "I have my own personality and I am my own person."

The president of the freshmen class, Jimmy Saunders, found that it was easy to get to know people at Wachusett. He thinks that the class advisors are a great help and that the class themselves help a lot with class projects. He also thinks that everyone gets along with each other and tries to include those left out.

His response to how his class broke the mold was that at first they didn't. When they got to Wachusett they tried to act like the upperclassmen. After awhile they started to be themselves and just tried to fit in.

Ms. Narcisi, a class advisor for the class of 1994, was asked how she feels about the majority of the class. She answered, "They're easy to get along with and the minority want to get involved somehow."

The class float was the first time the class as a whole has worked together. At first there were a few problems, but they realized that everyone had to work together to make things possible.

Ms. Narcisi says that the one thing the freshmen do have a lof of *class spirit*. Class spirit makes a class work and they do have that.

The final comment that she was asked was, "How did the freshmen break the mold at Wachusett?" "They don't break the mold, they fit the mold!" Ms. Narcisi responded without a second to think about it.

AFTER GLOW

I'd like the memory of me to be a happy one
I'd like to leave an after glow of smiles when my
life is done
I'd like to leave an echo whispering softly down
the ways
Of happy times and laughing times
And bright and sunny days
I'd like the tears of those who grieve to dry
before the sun
Of happy memories that I leave
When my life is done.

The Class of 1991 — Junior Prom

On April 27, 1990 our Junior Prom was held at Mechanics Hall in Worcester. We danced the night away to the D.J.ing of Full Moon Music. Our theme song was *Wonderful Tonight* by Eric Clapton. Over 400 people attended the memorable event.

The highlight of the evening was the choosing of the Queen and her court. The members were Jen Hammerberg, Tina Hendrckson, Stephanie Lemon, and Cristi Pond. The queen was Jennifer Gemme.

Are you somewhere in here?

Members of the Court.

Aren't they adorable?

Where are all the guys?

All smiles.

Right: Yes, it has been fun in '91 (and '90 and '89 and '88 . . .)!

The End's In Sight . . . Time To Break From The Mold!

The last day of school for the seniors was Thursday, May 16th. The mood was really upbeat as groups of seniors gathered in the driveway to barbecue, toga, and generally do some harmless harrassing of those not fortunate enough to be graduating. An earlier highlight was the all-school relay race held a week earlier. But the best day of all is the day you've answered your last bell. Everyone gathered in the auditorium during activity period to get caps and gowns, important information, and generally just have one "last time."

After a week of exams, the seniors were anxious to head out to the Frank Davis Resort in Connecticut for a day of swimming, games, food and great fun! We went on Friday, May 24th; and all buses left school at 7:00 am and returned around 9:00 pm with a tired, but happy crowd. One more week to go!

Senior Prom
May 18, 1991

It was a great night for the class of 1991 to go out in style! The prom was held at the Worcester Marriot and couples converged on the hotel in their rented limos, all decked out in gowns and tuxes. Music was provided by a D.J.; and everyone agreed it was an excellent time. The queen of the prom was Kristan Quarella, escorted by Mike Cook. Members of the court were: Stephanie Bergin, Heather Chadbourne and Christine Early. They looked great, but so did everyone else (male and female)!

You Broke the Mold So Well . . .

Jason Bradshaw has been a member of our class for four years. During that time, he has had to overcome true adversary. To honor him for his accomplishments, the class of 1991 presented the following plaque to him at graduation:

TO JASON BRADSHAW IN RECOGNITION OF YOUR CONTINUED COURAGE AND THE INSPIRATION YOU HAVE INSTILLED IN ALL OF US YOUR FRIENDS AND CLASSMATES OF THE CLASS OF "1991"

Let us also not forget the tremendous struggle that has been overcome by David Moran and Ed Cleveland. Thanks for allowing us to know you and appreciate what you've gone through the last few years.

Dear Mark Price,
We're so proud of you!
Congratulations! Good luck! Love,

Mountaineer '91 Yearbook Staff

The book is done, and with its completion goes some thanks to people not pictured on these pages. First, a well-deserved thank you goes to Chris Early for **all** her typing of the Senior section — it wouldn't have got done without you. More thanks go to Underclassmen editors — Jen Martin and Meri Viano; you girls were terrific, and thanks for stepping in to finish the events section. Other contributors to the book included several typists who never stuck around long enough for us to get names; Anita Rabidou for her clubs and organizations work; and Jen Oldakowski for her help in events. This is a collaborative effort, and many others helped. *THANK YOU!*

Editor-in-chief, Keri Donaldson; Senior co-editor, Tara Walinsky; and Athletics editor, Kate Guiney get into the togetherness spirit of yearbooking.

Top: JJ Shirley was a jack-of-all-trades as she helped in many different areas of the book.
Bottom: One of the "Machine Men." The faithful group who help keep the soda machines stocked to benefit yearbook.

Above: Michelle Bakis, Candids editor; in a pretty candid moment herself.

Right: Kate Guiney, three-year veteran and Athletics editor; relaxes before tackling one of her many sports deadlines!

Thanks For Everything, Keri!

Keri Donaldson, editor-in-chief; is a three-year member of the staff. Best of luck in all you do; although I don't think you're going to need it. *Go B.C.!*

Mrs. Donna Laramee, Financial advisor and Mrs. Rosemary Laverdiere, Advisor; at the yearbook-sponsored dance in September. Mrs. Laramee is wondering if we've made a million yet!

Sarah Wilson and Sue Peck selling Wachusett pennants in another yearbook fund-raising project.

Above: Ingrid Lofgren was the yearbook photographer and Senior section co-editor. I wonder who's holding the camera now!

Left: Katie Pierce and Scott Robert, Faculty section co-editors, did a great job of finding out teachers "break the mold."

We May Break The Mold . . . But We've Got Manners!

The **Mountaineer** is an annual publication by the Yearbook Staff of Wachusett Regional High School, 1401 Main Street, Holden, Massachusetts 01520. The towns serviced by the High School are Holden, Paxton, Princeton, Rutland and Sterling. The book was distributed at the Senior Barbeque on Sunday, August 18, 1991.

The Mountaineer was printed by Hunter Printing and Publishing Company, a Division of Jostens. The printing plant is located in Winston-Salem, North Carolina. The press run was 500 copies. The staff was assisted in the design of the cover and endsheets by the Creative Resources Department and our company representative, Arnie Lohmann. The Creative Resources Department is located in State College, Pennsylvania. However, the bulk of the creative work was done at the Bryant College Summer Yearbook Workshop during July of 1990.

Our cover is a school-designed lithograph that conforms to the Editionline specifications. The base material color is white with three applied colors: #347 (kelly green), #527 (royal purple) and black. The designs for front and back covers, as well as backbone are all different with the litho format. The trimsize is 8½ by 11; and is smythe-bound. It is wrapped around 120-point binder's board.

The endsheets of the book are different for front and back. The front cover is printed on #280 (gloss white). Design and type are printed with Tempo color #527 (royal purple). Other type used in standard black. The back endsheet is #280 stock (gloss white).

The paper used throughout the book was 80-pound matte, printed with standard black ink. The book contains 260 pages, 248 pages of the book were printed in black and white. 8 pages were printed using the 4-color process; and 4 pages were printed using a process called tip-in color. These pages were inserted between pages 240 and 241. They are not printed as part of the book. The deadline schedule allows these pages to be submitted 8 weeks prior to publication unlike standard color which must be submitted 5 months prior to publication in order to be cost-effective. Artwork was finished by Hunter Publishing, the originals were supplied by students. Three different type styles were used throughout the book. The primary type style was #220 (Americana), #222 (Americana Bold), and #213 (HOBO) was used on the title and division pagese.

The approximate cost of printing this book is $22,800. This figure includes publishing costs, freight charges, shipping of materials to North Carolina, photography expenses of candids, and other supplies. The per copy cost of the book is $25.00 payable in advance. Other monies are raised through an assessment to the Senior class (1991), the sponsoring of an all-school dance, the sale of pennants and candy bars by the financial advisor, the running of the hamburger concession at the annual Cow Chip Festival, a parent ad, sponsor and patron solicitation, and the maintenance of three soda machines in the school. Additionally, the Class of 1991 bought the 4 pages of tip-in color used for the Senior Prom and Graduation sections.

Candid photographs in the book were taken by student photographers. Senior portraits were taken by Ken Parker and associates at **Photography By Kenneth Parker,** the official designated yearbook photographer. Other professional photographers also did portraits. Athletics (both team and candids), faculty formals, clubs and organizations, underclassmen (group photos) and other major school events were photographed at no charge by **Photography By Kenneth Parker.**

Doing this book would not be possible without the help of many people who gladly gave of their time, ideas and energy in order to make this an outstanding effort. So we would like to thank:

Arnie Lohmann, our representative from Hunter Publishing Company. Thanks for being there when you were needed and when a sympathetic ear was called for.

Kenneth Parker, of **Photography By Kenneth Parker.** We really appreciated the times you had things done real fast so we could make all of our deadlines on time. Thank you also for shooting all of the athletics, underclassmen, faculty, clubs and organization photos. Also, for capturing the best of Wachusett in your coverage of major school events. Also, thanks to Paul and Elizabeth from the photography studio for their help in photographing and helping us organize the senior formal section of the yearbook.

Mrs. Donna Laramee, our Financial Advisor. Thanks for all your efforts in raising the money for this book. From cooking hamburgers at the Cow Chip Festival to selling candy out of your office; you got the job done so we could get our job done.

The "Machine men" and Mr. Greg Smith. These guys are terrific in making sure that the soda machines are loaded and running so we can fund raise for the yearbook.

Mrs. Kathman, Dr. Yaglou, Mrs. O'Connor, and all the other faculty members who helped us in some way. Whether it was chaperoning a dance or cooking hamburgers — thanks, we appreciated it. Thanks to the administrators — Mr. Lane, Mr. Tremblay and Dr. P. for reading our announcements and letting the day be interrupted with our photo sessions.
